

Nashik Business Association is a group of like minded entrepreneurs who share the blazing desire to excel in their chosen fields. It is a Nashik based Business Networking Group. The raison d'etre of a Business Networking Group is to make available a platform to the businessmen from different fields to interact regularly to form long term reciprocally beneficial business relationships. Each member is committed to carry out the business in ethical and professional manner keeping the interest of the client foremost in his heart.

It is cost effective method of marketing compared to conventional methods as the referrals are passed on by the members to each other which go long way in establishing credentials of the seller with the prospective buyers of products or services.

The group virtually acts as your extended marketing team. Since the emphasis is on building long term business relationships, it is a long lasting and continuous means of getting business.

NBA is a platform made available by professionals for professionals. We invite genuine buyers and suppliers to make use of this forum to conduct and conclude fair business transactions.
